### **Initiative: 2010-Administer WCA Program**

Year: 2010

Start Date:

Initiative Type: Admin/Coordination

Completion Date:

#### Description

Administer the 2010 WCA Program by doing the following: Implement the WCA Program on a county-wide basis; replacement plans and exemptions as applicable; publish a news article in the Joint Agency Newsletter.

#### Actual Results

As of December, 2010, all FY 2010 dollars have been spent. The Lincoln SWCD matching funds have been spent also. In 2010, the following were accomplished: 615 landowner contacts (332 field checks), 3 exemption determinations, 5 No-loss determinations, 3 boundary or Type determinations, 1 wetland delineation reviewed for wind towers, 14 possible violations handled locally, 1 ICR by DNR officer, 6 days of WCA training, 4-TEP meetings and 2-meetings with DNR on wetland issues. Worked with 2 windtower companies, Area II MN River Basin on 1-dam site and 3 other possible dam sites, 3-lake developments (2 private 1 county), 1-utility company and 3-county tile projects all with wetland issues. Approximately 110 acres of wetland were avoided by tile, ditching and construction because of the WCA program in Lincoln County. Avoidance is a number one concern of the Lincoln SWCD/LGU. Also, many hours were spent on County and Township road reviews for construction and flood damage with 47 sites being reviewed in 2010.
