Lutheran Social Service of Minnesota was founded in 1865 since then, adoption has been a vital part of the social ministry of Lutheran Social Service of Minnesota. An estimated 18,000 children have found 'forever families' of all denominations over the past 135 years through the work of the LSS Adoption. From orphan trains through maternity homes, to the advent of international adoption, LSS has maintained professional, mission-driven adoption services with one idea in mind - the best interests of children.

Minnesota Adoption Resource Network is committed to the right of every child to a permanent, nurturing family. Since 1980, Minnesota Adoption Resource Network (MARN) has been dedicated to the recruitment of adoptive families for Minnesota waiting children, advocating on behalf of adoptive, kinship and foster families, and maximizing opportunities for successful adoptions. Since we are not a child-placing agency, we can fully advocate for the children needing adoptive families.
